Title: Ricardo's Research 6

Author: Ricardo.

I did some poking around
at the palace last night
with these words o'
power.

It seems I am still
missing something. I
believe that one or more
objects are required. I
believe I must be holding
something when I speak
the words o' power. I do
not yet know what but I
will find out.

The sixth word o' power
'tis a word I ne'er seen
before, the word be 'nes'.
